Ref. No. PISB3/CIR/3/2021-22   **02 June 2021**

Dear Parents,
Greetings from PIS, Kalkere!

During the last year Academic Year 2020-21, as we embarked on virtual schooling for the first time from May 2020, we observed that during the course of the year, the following challenges were consistently being faced by the parents and the school teachers:

☐ Some students were switching off their cameras during synchronous online class preventing them from being monitored effectively by the school teachers.

☐ A few students were found to attend classes in casual attire, without proper grooming resulting in a disinterested & casual attitude.

As a result, to prevent similar challenges in the upcoming months, we would recommend encouraging students to wear the school uniform while attending online classes, which will help give the required importance to the online classes while simultaneously putting the students in the right frame of mind to engage in virtual learning.

We hope that parents will encourage the students to be properly groomed and ready for their classes as per the virtual time-table and instill the required sense of self-discipline and commitment to their learning journey.

*Please note that the wearing of the school uniform for online classes is purely voluntary.
