Dear Readers,
Greetings!!

We the editorial team are proud to present the 4th Volume of 'THE CAMPUS ROOTS'. A school newsletter aims at inculcating creativity in the students and serves as a platform to showcase their skills. It has been incredible to watch this piece of paper rise from a mere collection of a few write-ups and art works into this stunning newsletter. We are really proud of it, and hope you readers feel the same. After all, without you amazing readers, this wouldn't even be possible. We thank our Principal, Mr. Girish Kumar, Team of subject editors, Teachers and of course, our schools amazing students for their immense efforts and support. It has been a great privilege to be the ones editing the newsletter, one which would have been nothing without all of you talented people contributing and making this possible.

Happy Readings Ahead!!

Best Regards,

LIFE IS AN ILLUSION

People live their lives bound by what they accept as correct and true. That's how they define "reality". But what does it mean to be "correct" or "true"? Merely vague concepts... Their "reality" may all be a mirage. Can we consider them to simply be living in their own world, shaped by their beliefs? Knowledge and awareness are vague, and perhaps better called illusions. One's reality might be others' illusion. We all live inside our own fantasies. Everyone lives within their own subjective interpretation. There is nothing called perfection. That is why we are born able to absorb things... and by comparing ourselves with something else so that we can finally head in a good direction. Those who forgive themselves, and are able to accept their true nature... They are the strong ones! However strong you become, never seek to bear everything alone. If you do, failure is certain. Your comrades are there to make up for what you cannot do and to prevent you from ignoring things that you actually might have been able to do. We're born alone, we live alone, and we die alone. Only through our love and friendship can we create the illusion for the moment that we're not alone.

Thank You

JOURNEY THROUGH ME
It dies of drought
I fill with thought
Oh when do the stars shine in the dawn?
My heart fills with joy
I played with my toy
I bought a Mcoy
I danced with my joy

Twice better in market the nice
Dancing with joy
