Annual Day & Sports Day 2023-24

06.10.23

Dear Parents,

It gives us immense pleasure to announce that the dates for 8th Annual Day and 9th Sports Day have been finalized. They are 22.12.23 (Friday) and 25.01.24 (Thursday) respectively.

As we all know that the school is not only about within four walls of classroom and a place of books. But it is a place beyond alphabets and numbers. Through such programs the school fills their world with art, the basic source which makes it colorful. It helps in the holistic development of the child wherein he/she would be able to find his/her hidden talent. Who knows one of them would turn out to be a singer, painter, musician, dancer, actor or what not and not merely following the herd.

Your encouragement to the child to participate in the program would definitely motivate him/her to showcase his/her talent confidently.

- Participation fees for Annual Day is Rs.1200/-.
- Payment mode: Online through Betweenus Portal only.
- **No cash will be accepted.**
- **Last date to submit the duly filled entry is 26.10.23**

Your whole-hearted support would give boost to the team and help us to make it a favorite place of learning for all our young Podarites.

With regards,

Principal

PODAR
INTERNATIONAL SCHOOL

Date: 12.06.23

Dear Parents,

This year, we are introducing a **new art curriculum**, which will be **child centric, endorse critical thinking** and focus on material exploration while **remaining relevant** and deepening the students' connection with the current world landscape.
As parents, we request you to support your children in the following ways:

- **Ask them questions** about their art work instead of judging it. (Ex.: What are you trying to express through this assignment? What did you learn? How did you make it?)
- **Help them procure materials** requested during the course of the year. (We don't want the students to be confined by books. You will find them doing different 3D art work which will require different material which are reasonably priced and eco friendly)
- **Invest in the Art Kit** please purchase the art kit. The bags have been thoughtfully designed and art materials have been selected very carefully. Also, all the lessons have been created taking these materials into consideration.
- **Encourage self-exploration and expression.** It's perfectly acceptable if the end result is not the same as others or as aesthetically pleasing. We lay more importance on the process than the end product.

While leaving room for self-expression, this year's curriculum also focuses on developing **key concepts that are applicable in the real world** and helps build a base for highly lucrative careers like web developers, product designers, engineers, interior designers etc. It helps build core skills we need for everyday life like: problem solving, creativity, confidence, attention to detail, project planning and self-expression. In creation lies joy. Let your child be **fearless to explore** themselves through art. Once your child has gained confidence and the concepts are clear, aesthetic awareness will follow.

Sincerely,

Principal
